to a Class "B" station.)	

BY THE COMMISSION:

O R D E R

The verified application of Northwestern Pacific Railroad Company discloses that no less-than-carload freight business has been transacted at applicant's station of Largo during the year ended September 30, 1940, and that continued maintenance of said station as a Class "C" station, at which freight in less-than-carload lots will be received or delivered, is not necessary. Within thirty days after putting into effect the changes authorized herein applicant shall so notify the Commission in writing. This authorization shall become void if not exercised within one year, unless time be extended. This order shall be effective immediately.

Dated at San Francisco, California, this 3rd day of January, 1941.
