Case No. 4246

BY THE COMMISSION:

SUPPLEMENTAL OPINION AND ORDER

By Decision No. 33673 of November 19, 1940, in the above entitled proceeding, the Commission established, effective December 1, 1940, revised packing requirements governing the applicability of minimum rates prescribed for the transportation of canned goods and related articles by common, radial highway common and highway contract carriers. It was intended that these packing requirements would provide for the customary packaging of the commodities involved. Sacramento Chamber of Commerce and interested shippers point out, however, that provision was not made for prepared coconut in paper cartons in boxes, a form in which that commodity is commonly packaged.

It appears that this is a matter in which a public hearing is not necessary, and that the packing requirements for prepared coconut should include paper cartons in boxes.

IT IS HEREBY ORDERED that Highway Carriers' Tariff No. 2 (Appendix "D" to Decision No. 31606, as amended) be and it is hereby amended by substituting therein the reissued page attached hereto and by this reference made a part hereof, which page is numbered as follows:
