O R D E R

The Atchison, Topeka and Santa Fe Railway Company is authorized to construct a spur track upon and along Una Street and across Jutewood Street in San Diego, San Diego County, at the location described in the application. Una Street and Jutewood Street are not now actually constructed and open to travel and this order is not an authorization for the construction of opening of said streets to public use across said track. Said track shall be so constructed that grades of approach not exceeding two per cent will be feasible, in the event that the construction of opening of Una Street and Jutewood Street across said track shall hereafter be authorized and so said grade crossings may be made safe for the passage thereover of vehicles and other road traffic.

Within thirty days after completion, pursuant to this Order, applicant shall so advise the Commission in writing. This authorization shall become void if not exercised within one year, unless time be extended, or if above conditions are not complied with. Authorization may be revoked or modified if public convenience, necessity or safety so require. This Order shall be effective immediately.
