Application No. 24120

BY THE COMMISSION:

O P I N I O N

Pacific Greyhound Lines, by the above-entitled appli-
cation, requests a certificate of public convenience and necessity
authorizing it to operate as a common carrier of passengers, bag-
gage and express between Seeley and Camp Seeley.

Decision No. 25244 in Application No. 16989 granted
applicant the right to operate between San Diego and El Centro
via Seeley. Camp Seeley is located approximately two miles north
of Seeley.

It is alleged in the application that the United States
Army has just completed barracks and other facilities at Camp
Seeley. The Eleventh Cavalry is now stationed at the camp.

No common carrier passenger service is available at
the camp. The men stationed there are desirous of obtaining
public transportation between the camp and towns situated nearby.

Pacific Greyhound Lines asks that if this certificate is granted the rights created hereby be deemed an extension and enlargement of its existing rights and be consolidated therewith. Applicant proposes to charge a fare of ten cents for a one-way ticket and twenty cents round trip.

Full consideration has been given to this matter. The Commission is of the opinion that a public hearing is unnecessary and that public convenience and necessity require that this application be granted.

O R D E R
