Application No. 24285

BY THE COMMISSION:

ORDER

C. C. Shinar, prior to 1917 and until 1925, furnished common carrier passenger and freight service between Yreka and Happy Camp. In 1925 the Commission authorized the transfer of that common carrier business to William H. Shackelford and Paul Colburn. (Decision No. 15716, Application No. 12119). Shackelford's present application alleges that he has operated the business since March 22, 1926, on which date Colburn abandoned all connection therewith; and that Shackelford, despite diligent efforts, has been unable to locate Colburn. A public hearing not being required, and good cause appearing,

IT IS ORDERED that William H. Shackelford is hereby authorized to refile, in triplicate, in his own name and render service under the rates, time schedules, rules and regulations now on file with the Commission and pertaining to the service hereinabove mentioned.
