Application No. 24402

Roy V. Reppy, Gale C. Larkin, and
B. F. Woodard, by B. F. Woodard,
for Applicant.

BY THE COMMISSION:

O P I N I O N

Southern California Edison Company Ltd., seeks authority to exercise a franchise granted by the City of South Pasadena permitting the maintenance of electric facilities upon the streets of said City.

As the franchise referred to is one granted by the City in accordance with the Franchise Act of 1937, it is provided therein that it shall be of indeterminate duration. A fee is payable annually to the City equivalent to 2 per cent of the gross receipts arising from the use of the franchise, but not less than one-half of 1 per cent of all sales of electricity by applicant within the City. The declared cost to the applicant in obtaining the franchise is \$82.91.

As this utility has for many years served electricity within and about the City of South Pasadena, Los Angeles County, without competition, it is evident that its request for c

certificate to exercise a franchise should be granted.

O R D E R

A public hearing having been held upon the application of Southern California Edison Company Ltd., the matter considered, and it appearing to the Commission and it being found as a fact that public convenience and necessity so require, therefore,

IT IS ORDERED that Southern California Edison Company Ltd., be and hereby is granted a certificate to exercise the rights and privileges granted by the City of South Pasadena by Ordinance No. 846 adopted July 9, 1941, subject to the condition, however, that no claim of value for such franchise or the authority herein granted in excess of the actual cost thereof shall ever be made by the grantee, its successors, or assigns, before this Commission or before any court or other public body.

The effective date of this Order shall be the twentieth day from and after the date hereof.

Dated, San Francisco, California, this 19th day of December, 1941.
