as VALLEY WAREHOUSE CO., for an )  
order authorizing the sale of )  
utility property to MAURICE )  
STRAIN, joining in this appli- )  
cation. )

Application No. 24676

BY THE COMMISSION:

OPINION AND ORDER

By this application, C. F. Quiggle, an individual doing business as Valley Warehouse Co., seeks authority to sell and Maurice Strain, an individual doing business as Strain's Public Warehouse, seeks authority to purchase and operate public utility warehouse property situated at Palora, Sutter County, and known as "Valley Warehouse No. 7." The consideration to be paid is \$7,500. It is represented that Quiggle now operates warehouse space in excess of that necessary to meet the requirements of his patrons; that, on the other hand, Strain's business requires that he place in operation additional warehouse space; and that the proposed transfer would benefit public utility storage service by relieving Quiggle from unnecessary financial and administrative burdens and by providing adequate and suitable space for Strain's operations. No change in the tariff rates, rules or regulations is proposed.

It appears that this is a matter in which a public hearing is not necessary and that the application should be granted. Therefore, good cause appearing,

IT IS HEREBY ORDERED that C. F. Quiggle be and he is hereby authorized to transfer to Maurice Strain the public utility warehouse property described in this application and designated herein as "Valley Warehouse No. 7."

IT IS HEREBY FURTHER ORDERED that tariffs on file with the Commission naming rates, rules and regulations for storage in the aforesaid Valley Warehouse No. 7 shall be supplemented or re-issued by C. F. Quiggle and Maurice Strain, immediately upon the transfer of the warehouse property involved herein, to show that the former has withdrawn from or cancelled and that the latter has concurrently adopted or established as his own said rates, rules and regulations; and that the tariff filings made pursuant to this order shall comply with the regulations governing the construction and filing of warehouse tariffs set forth in the Commission's General Order No. 61.

This order shall become effective twenty (20) days from the date hereof.

Dated at San Francisco, California, this 10th day of February, 1942.
