BY THE COMMISSION:

FIRST SUPPLEMENTAL OPINION AND ORDER

Applicant is a public utility warehouseman engaged in the storage of property in facilities maintained at Lots Nos. 1 to 4, inclusive, Block 1 (101 North Seaside Avenue), Terminal Island, City of Los Angeles.<sup>1</sup> It seeks authority to operate additional space aggregating 41,874 square feet at designated locations on that island. This additional space is comprised of 14,465 feet at the 101 North Seaside Avenue location, 6,781 feet at 111 South Seaside Avenue and 20,628 feet at 200 South Seaside Avenue.

It is represented that these additions to applicant's facilities are needed chiefly to meet the storage requirements of the fish canneries situated on the island; that these requirements for the 1940-1941 packing season were substantially in excess of the storage which applicant could accommodate; and that the future requirements of these canners will be at least as heavy as those experienced during the last season. It is also represented that abnormal conditions

---

<sup>1</sup> Authority to operate warehouse facilities at this site was granted by Decision No. 22569 of June 23, 1930, in this proceeding.

resulting from the national emergency have caused increased demands for storage and that still further increases in demands resulting from these conditions are anticipated.

Competing warehouse interests have informed the Commission that they have no objection to the proposed expansion of applicant's storage facilities.

It appears that this is a matter in which a public hearing is not necessary and that under the circumstances, applicant should be authorized to increase its storage space as proposed herein.

Therefore, good cause appearing,

IT IS HEREBY ORDERED that Crescent Warehouse Company, Limited, be and it is hereby authorized to operate additional warehouse space at Terminal Island, City of Los Angeles, said additional space to be comprised of 14,465 square feet at 101 North Seaside Avenue; 6,871 square feet at 111 South Seaside Avenue; and 20,628 square feet at 200 South Seaside Avenue.

This order shall become effective on the date hereof.

Dated at San Francisco, California, this 17<sup>th</sup> day of February, 1942.
