

Decision No. 36096

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of)	
GEORGE DOBBINS for authority to dis-)	
continue operation of an automobile)	Application No. 25096
service as a common carrier between)	
Minersville Calif. and Fawn Lodge, Calif.))	

BY THE COMMISSION:

O P I N I O N

ORIGINAL

By Decision No. 31438, rendered November 5, 1938, in Application No. 22266, the Commission granted to George Dobbins a certificate of public convenience and necessity authorizing the transportation of passengers and property between Minersville and Fawn Lodge and intermediate points via Lewiston. Thereafter, by Decision No. 31837, rendered March 27, 1939, Dobbins was authorized to abandon the transportation of passengers between those points and the operative right therefor was revoked.

In the application here considered Dobbins requests authority to discontinue and abandon the transportation of property between all points now served by him as certificated by said Decision No. 31438. In support of that request applicant asserts that his contract with the United States Post Office Department for the transportation of mail expired June 30, 1942. He further states that his receipts for the transportation of property have averaged \$11.45 a month since July 1, 1941 and are therefore insufficient to justify his continued operation as a highway common carrier.

Upon the facts thus alleged it appears to be in the public interest to authorize applicant to abandon all automotive common carrier operations as prayed for and the order will so provide. This is not a matter requiring a public hearing.
