BY THE COMMISSION:

O P I N I O N

By Decision No. 33963, in Application No. 23998, the Commission granted a certificate to Pacific Greyhound Lines authorizing operation between Castroville and Prunedale via State Route No. 22. No authority was granted to serve any points intermediate to these termini. Since the granting of that authority a new highway has been constructed between these points which is to be known as State Route No. 22. (1)

Pacific Greyhound Lines asks for authority to use the new highway in lieu of its present route over the old highway which is now fixed in the service regulations of the order of said Decision No. 33963. By use of the new highway eight miles of operation will be saved between Castroville and Prunedale. No intermediate points are involved on either route. The authority

(1) The old State Route No. 22 will be turned back to the county for maintenance and the State Route number assigned to it will be transferred by the Department of Highways to the newly constructed highway. The sign number of this highway is No. 156 while the legal route number is No. 22.

sought does not involve any change in the operative right as applicant now holds a certificate between Castroville and Prunedale. The authority requested will be granted by a modification of the description of the route between these termini.
