Case No. 4138, et al.

BY THE COMMISSION:

FIRST SUPPLEMENTAL ORDER

WHEREAS, in Decision No. 29227, in the above numbered case, under date of November 23, 1936, procedure was established for the Southern California Gas Company and the Southern Counties Gas Company respecting the filing of supplemental rates, where such rates are to be automatically increased or decreased as the result of the operations of the fuel oil clause in the tariffs in question;

WHEREAS, where an increase is involved, the aforesaid order requires that the supplemental rate sheet be filed within a period of five days after the change in the posted price of fuel oil and if such filing is not made within that period, the utility will "be deemed to have waived the right to make the increase effective;"

AND WHEREAS, under date or April 2, 1943, the Commission is in receipt of telegraphic requests from the Southern California Gas Company and the Southern Counties Gas Company to extend the aforesaid five-day period in order to afford said utilities time to ascertain more facts relative to an increase in the posted price of fuel oil effective April 1, 1943; and good cause appearing,

IT IS HEREBY ORDERED that the said five-day period for the April 1, 1943, fuel oil change be extended to a period of fifteen days.

The effective date of this order shall be the date hereof.
