for permission to discontinue handling )  
less-than-carload freight at certain )  
non-agency stations in California. )

Application No. 25636

**ORIGINAL**

O R D E R

Investigation discloses that the amount of less-than-carload freight business transacted at a number of applicant's non-agency stations in California during the past year no longer warrants the continued maintenance of said stations as points where less-than-carload shipments are handled.

Good Cause Appearing, The Western Pacific Railroad Company is authorized to discontinue the handling of less-than-carload freight at its non-agency stations listed in Exhibit A attached to and made a part of this order, and to change its records and tariffs accordingly on not less than one day's notice to the Commission and the public.

Within thirty days after abandonment and discontinuance of the service, as authorized herein, applicant shall so notify the Commission in writing. This authorization shall become void if not exercised within one year, unless time be extended. This order shall be effective immediately.

Dated at San Francisco, California, this 3<sup>rd</sup> day of

August, 1943.
