Decision No.

## 36637

BEFORE THE RAILROAD CONISSION OF TEE STASE OF CAITFORITA

In the Natter of the Application of A. J. (BERT) CHAPIN, e/b/a NORTE SACRAMENO STAGE IINE, to add intermedrate points over and along the automobile stage inne operated by applicant between Sacramento and the Applicetion No. 25690 fmerican River Zydro Electric Damsite, via "U" Strcet Bradge, Del Paso, Camichael, Fair Oaks and Oransevale, California.

EX PAE COMISSION:

QPINIQN
Among other passenger stage operations conducted by A. J. Chapin is one operated betveen"Sacramento and the fmerican River Hydro Electric Damsite and certain specified Intermediate points, VIz., "E" Street Briage, Del Paso, Carmicheel, Fair Oks, and Orengevale. This operative right was oricimaing created by the Comission's Decision No. 17834, rendered Jamary 5, 1927, on Application No. 13089, which granted a certificate to one George R. Zurfiuh. Zuriluh was autnorized by the Comission to transfer this right to \%. E. Pimental, predecessor in interest of Chapin. Pimental was subsequentiy granted a certielcate in lieu of ald his former rights, which includes that acguired from Zurfluh, which does not permit operetion to intermediate points other then those specificaliy named. Applicant Chapin, in the above entitied pron ceedins, recuests the commission to enjerge this certificate to pomit service at ail intermeciate points between the smerican River Eydro Electric Damsite and the "E" Street Bridge near Sacramento, inciuding the last named point. This proposal does not inciude the right to serve points intermediate to the "EN" Street Bridge and Sacramento.

In support of the autiority sought, epplicant alleges in substance as follows:

> That the territory adjacent to the route traversed by applicant between Sacramento and Orangevale has become more poculous, particularly since the establishment of NeCleilan Field and other rar activities in and around Sacramento and North Socramento; that great distances intervene betreen intermediate points to which appilcant's operation is restricted; that the population is not centered in and a mound the intermediate points named, but is scattered orer and alons the entire route and that applicant desires to give the public a service which will not entail upon passengers the necessity of waiking the distances intervenins between the intermediate points involved.

The existing fares from and to points whici appicant is authorized to serve would be applied from and to points intermediate thereto which applicant proposes to serve. It is asserted that applicant is the only passenge stogc corporation operating along the route involved in the terintory between the American River Bydro Electric Damsite and the function of Fair Oaks Boulevard and Fulton fvemue near Sacramento.
fifer full consiceration of this matter we are of the opinion that the authority sought is in the public interest and shouid be granted. No public hearing is necessary.
A. J. Chapin is placed upon notice that "operative =ights" as such do not constitute a ciass of property which may be capitalized or used as an eierent of value in rate fixing for any amount of money in excess of that originaliy paid to the State as the consideration for the grant of such rights. aside from tiequ purely permissive aspect, they extend to the holder a fuli or partial monopoly of a class of busfness over a particular route. This monopoly feature may be changed or cestroyce at any time by the State which is not in any respect ilmited to the nuber of rishts which may be given.

## ORDER

Application therefor having been filed, and it being hereby found the public convenience and necessity so require,

IT IS ORDERED that that portion of the order of Decision No. 35675 , rendered August 11, 1042, in Application No. 25106, reading as follows:
"...(b) for the transportation of passengers, baggage and shipments of express meshing not in excess of one hundred pounce, on passenger vehicles only between Sacramento and American River Hydro Electric Domsite and the intermediate points of "Z" Street Bridge, Del Pas, Carmichael, Fair Oaks and Orangevale;..."
is hereby amended to read:
"(b) for the transportation of passengers, baggage and shipments of express weighing not in excess of one hundred pounds, on passenger vehicles only between Sacramento and American River hydro Electric Damsite and intermediate points, including "F" Street Bridge, Do peso, Carmichael, Fair Oaks and Orangevale provided that no local service may be permitted between points intermediate to appilcent's Sacramento terminal and the "zn" Street Bridge over the American River, subject to the following provision:
A. J. Chaplin, iss successors or assigns, shell never claim before this Commission, or any count or other public body, a value for said operative rights or claim as the cost thereof, an amount in
excess of that paid to the State as the constacr-
etion for such rights."
IT IS FURTETR ORDERD that said Decision NO. 35675 shall
in ald other respects remain in full force and effect.
The effective date of this order shall be the date hereof.
 day of $\qquad$ , 2943.
