Application No. 24892

BY THE COMMISSION:

SUPPLEMENTAL OPINION AND ORDER

Applicants operate public utility warehouses situated in San Francisco and Oakland. By prior orders in these proceedings, they were authorized to increase their warehouse floor space by stated amounts for the storage of raw materials for the United States Government; cotton held as security for loans made by the Commodity Credit Corporation; cargo discharged from vessels upon orders from the United States Government; and property forwarded for transshipment and requiring storage because vessel space is not available. These authorities expire December 31, 1943. Their extension to December 31, 1944 is now sought.

Applicants' verified petition discloses that the conditions obtaining today are the same as those which obtained at the time the temporary authorities were first granted and that such conditions are expected to prevail throughout 1944. It appears that this is a matter in which a public hearing is not necessary and that the sought extension should be granted.

Therefore, good cause appearing,

IT IS HEREBY ORDERED that the expiration date of the authorities granted applicants by Decision No. 33615, as amended,

---

<sup>1</sup> The authority to store raw materials for the United States Government and cotton held as security for loans made by the Commodity Credit Corporation is limited to applicants in Applications Nos. 22695, 23823, 23851, 23852 and 23857.

in Application No. 22695; Decision No. 33777, as amended, in Applications Nos. 23823, 23851, 23852 and 23857; and Decision No. 35359, as amended, in Applications Nos. 24785, 24864 and 24892 be and it is hereby extended to December 31, 1944, unless sooner changed, canceled or further extended by appropriate order of the Commission.

This order shall become effective January 1, 1944.

Dated at San Francisco, California, this 21<sup>st</sup> day of December, 1943.
