

Decision No. 37090

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of
SOUTHERN CALIFORNIA EDISON COMPANY LTD.,
ARROWHEAD LAKE CORPORATION, LAKE ARROWHEAD
HOTEL COMPANY, ARROWHEAD UTILITY COMPANY
and LAKE ARROWHEAD LUMBER AND SUPPLY
COMPANY, for an Order of the Railroad
Commission of the State of California,
approving a certain Agreement for Electric
Service entered into between Applicants.

Application No. 21476

ORIGINAL

BY THE COMMISSION:

FOURTH SUPPLEMENTAL OPINION AND ORDER

In Decision No. 30312 of Application No. 21476 this Commission authorized Southern California Edison Company Ltd., (hereinafter referred to as Edison Company) to enter into an agreement with Arrowhead Lake Corporation, Lake Arrowhead Hotel Company, Arrowhead Utility Company, and Lake Arrowhead Lumber and Supply Company, (all of said persons hereinafter referred to as Project Companies) dated June 1, 1937, for the sale and the delivery of electric energy for use in Project Companies' various enterprises located at Lake Arrowhead in the San Bernardino Mountains for a period of five years. In Decision No. 35704 authorization was issued for Edison Company to enter into an extension agreement with Project Companies dated June 26, 1942, whereby the terms and conditions of said electric service contract dated June 1, 1937, were renewed and its term extended for a period of one year terminating May 31, 1943.

In Decision No. 36448 the Commission authorized Edison Company to enter into an extension agreement with Project Companies dated May 27, 1943, whereby the terms and conditions of said electric service contract dated June 1, 1937, were renewed and its term extended for a period of one year terminating May 31, 1944.

In this fourth supplemental application Edison Company seeks authority to enter into a third extension agreement with Project Companies dated April 24,

1944, again renewing the terms and conditions of said electric service contract dated June 1, 1937, and extending its term for a further period of one year terminating May 31, 1945.

This proposed third extension agreement is to become effective if and only if:

1. The Trustee secures the approval and authorization of the Bankruptcy Court to enter into said extension agreement on behalf of the Lake Corporation; and
2. The Edison Company, pursuant to application by the parties hereto for such authorization, is authorized by the Railroad Commission of the State of California to enter into said extension agreement; and
3. Said approval and authorization of both the Bankruptcy Court and of the Railroad Commission of the State of California is obtained within a period of ninety (90) days from the date hereof; in the event that either of said conditions shall not be met within such period, this agreement shall terminate at the end of said ninety (90) day period.

The application states that the reasons for entering into the original electric service agreement dated June 1, 1937, were clearly set forth in Paragraph VII of the first supplemental application filed in connection herewith and that these reasons are still applicable.

The request of the applicants having been considered and it appearing to the Commission and being found as a fact that the application should be granted and that a public hearing in the matter is not necessary, and good cause appearing therefore,

IT IS HEREBY ORDERED that the Southern California Edison Company Ltd. be and hereby is authorized to enter into the extension agreement for electric service attached to this fourth supplemental application and marked Exhibit "A."

The effective date of this Order shall be the date hereof.

Dated at Los Angeles, California, this 31st day of May, 1944.
