

Decision No. 37211

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of
MISSION ROCK COMPANY, a California
corporation, for an Order Authorizing
Sale by said Corporation of Certain
Real Property Located in the City and
County of San Francisco, State of Cali-
fornia, to State of California, Acting
by and through Board of State Harbor
Commissioners for San Francisco Harbor.)

ORIGINAL

Application No. 26249

BY THE COMMISSION:

OPINION AND ORDER

By this application Mission Rock Company, a California corporation, requests authority to sell specified unimproved real property located in San Francisco to the State of California acting by and through the Board of State Harbor Commissioners for San Francisco.

By its verified application applicant represents that the property involved is not and never has been used in the conduct of any public utility warehouse business. Authority to sell the property is said to be requested because of the insistence of legal representatives of the State of California. The Commission's records do not reveal that any public utility business has at any time been carried on by this applicant.

It appears that this is a matter in which a public hearing is not necessary and that to the extent the Commission's authority under Section 51 of the Act may be required to sell and transfer the property involved the application should be granted.

Therefore, good cause appearing,

IT IS HEREBY ORDERED that to the extent that Mission Rock Company, a California corporation, may require authority to sell and transfer the property involved in the above entitled application to

the State of California, acting by and through the Board of State Harbor Commissioners for San Francisco Harbor, said authority be and it is hereby granted.

This order shall become effective on the date hereof.

Dated at San Francisco, California, this 18th day of July, 1944.
