

Decision No. 37759

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of)
Pacific Greyhound Lines to reroute) Application No. 23273
its service between South Pasadena)
and Pasadena)

BY THE COMMISSION:

ORIGINAL

ORDER OF DISMISSAL

The above-entitled application was filed February 2, 1940. Hearings were conducted in the proceeding at Los Angeles, the last one being held February 26, 1941 at which time the matter was adjourned to a date to be set. At the hearings the city of Pasadena objected to the granting of the application on the ground that it was opposed to any passenger stage operations over the newly constructed Arroyo Seco Freeway which is involved in the routing proposed herein. It now appears that no good cause would be served by continuing this proceeding as an active matter before the Commission as, in the future, it will require the development of a new record to meet prevailing conditions.

The matter of passenger stage operation over the Arroyo Seco is involved in a number of proceedings pending before the Commission. In some instances this operation is dependent upon abandoning rail operation which cannot properly be effected until after the termination of prevailing hostilities.

Therefore, it appears that this application, as well as all others involving operations over the Arroyo Seco, should

be dismissed with the understanding that such action will in no

way prejudice the interest of the respective applicants in any future filing for authority to operate over the Arroyo Seco or any portion thereof. In order that the various parties will retain any advantage they may now have, from the standpoint of priority in filing of their respective applications, this feature will be given due consideration in any future similar filings.

Therefore, good cause appearing, it is ordered that the above-entitled proceeding be and it hereby is dismissed without prejudice.

The effective date of this order shall be twenty (20) days from the date hereof.

Dated at San Francisco, California, this 27th day of March, 1945.
