ORIGINAL

Application No. 26825

BY THE COMMISSION:

O R D E R

Pacific Gas and Electric Company asks authority to enter into an agree-
ment with El Dorado Irrigation District providing for the sale of excess water
for victory garden usage during the 1945 season.

In this agreement the company proposes to deliver to the district
up to five second feet, or 200 miner's inches of water, in excess of the district's
present contract entitlement to 40 second feet of water, as such excess water
may from time to time be available therefor in the company's El Dorado Canal
during a period ending September 1, 1945, at the rate of 33-1/3¢ per miner's
inch day of 24 hours. El Dorado Irrigation District has entered into an agreement
with said company to the effect that the latter will seek the approval of the
Commission for the delivery of said excess water.

It appears that this is not a matter in which a public hearing is
necessary and that the application should be granted, now, therefore,

IT IS HEREBY ORDERED that Pacific Gas and Electric Company, a corporation,
be and it is hereby authorized to enter into an agreement with the El Dorado

Irrigation District providing for the sale and delivery of excess water to said district substantially in accordance with the terms and conditions set forth in Exhibit "A" attached to the application herein and which is hereby made a part of this Order by reference.

IT IS FURTHER ORDERED that the Pacific Gas and Electric Company, a corporation, file with the Commission, within thirty (30) days from the date of this Order, two certified copies of this agreement as finally consummated.

The authority herein granted shall become effective on the date hereof.

Dated at San Francisco, California, this 27th day of July, 1945.
