Case No. 4617

ORIGINAL

BY THE COMMISSION:

ORDER OF DISMISSAL

With the exception of a decision on the need for installation of an adequate block signal system in certain of the carrier's territories in California, it appears that the conclusion of all other matters pertaining to the above-entitled proceeding can be negotiated informally.

The matter of the need for the installation of an automatic block signal system by the carrier in California will be covered in a new proceeding to be instituted on the Commission's own motion; therefore,

Good Cause Appearing, IT IS HEREBY ORDERED that the said proceeding is hereby dismissed without prejudice.

Dated at Los Angeles California, this 18th day of December

1945.
