 between Whittier, Montebello and )

O P I N I O N

By Decision No. 35796, dated September 22, 1942, as amended by Decision No. 36728, dated November 23, 1943, R. Urich was granted a certificate of public convenience and necessity authorizing him to establish and operate service as a passenger stage corporation between Whittier, Montebello, and Belvedere Gardens and the California Shipbuilding Corporation yards on Terminal Island, and intermediate points, subject to certain restrictions and conditions.

This operation was permitted as a wartime emergency service to provide transportation for war workers living along said route and employed at "Calship". Operations at the California Shipbuilding Corporation yards have been discontinued and the plant is now being dismantled.

The applicant states that the reduced requirement for shipyard workers on Terminal Island has relieved the housing problem in the Wilmington area to such an extent that very few employees now live in Whittier, Montebello, Belvedere Gardens or along applicant's route.

The authority granted by Decision No. 35796 was conditioned upon its expiration six months after the termination of the "National Emergency". It now appears that public convenience and necessity no longer require this operation and applicant's request will be granted.

A public hearing is not required.
