In the Matter of the Application of The County of Contra Costa, State of California to widen Crossing Number 2-1154-1 at Grade of the Tracks of the Atchison, Topeka & Santa Fe Rail-way Company in the County of Contra Costa, State of California.

Application No. 27852

## FIRST SUPPLEMENTAL ORDER

By Decision No. 39550 in this application the Commission authorized the widening of the crossing of Loveridge Road across the tracks of The Atchison, Topeka & Santa Fe Railway Company near Pittsburg, Contra Costa County. Said decision specified that protection would be determined and its cost allocated by future order.

Good Cause Appearing, IT IS ORDERED that within six months from the date of this order said crossing of Loveridge Road, Crossing No. 2-1154.1, shall be protected by two Standard No. 3 wigway crossing signals and said wigways shall be so controlled as to give proper warning of the approach of trains on the main line track and so that cars or trains standing on the two side tracks at said crossing within the limits of the highway right of way shall cause said signals to operate. The cost of moving the existing wigway to its proper location at right hand side of highway shall be borne by The Atchison, Topoka & Santa Fe Reilway Company and the cost of installing the additional wigway and connecting it with the railroad tracks shall be borne by the County of Contra Costs. Pending the installation of the additional protection herein ordered, said crossing shall be protected by the existing Standard No. 3 wigway and Standard No. 1 crossing

sign which may be moved to new locations to facilitate construction operations.

In all other respects said Decision No. 39550 is in full force and effect.

This order shall be effective immediately.

Dated at a Francisco, california from the 4, 1946.
