Application No. 27266  
1st Supplemental

ORDER OF REVOCATION

William A. Perkins and Dorus O. Myers request an order of this Commission revoking the certificate of public convenience and necessity granted them by Decision No. 38900 in Application No. 27266, which authorized them to operate a passenger stage service within Mountain View and between that community, Moffett Field, Loyola and intermediate points.

Applicants commenced operations the latter part of May 1946, but have not been able to make a financial success of the service. Investigation by a member of the Commission's Field Division disclosed that applicants ceased their operation in July of this year.

It appears that there is insufficient demand to warrant continuance of the service. This is not a matter which requires a public hearing. The application will be granted.

Good cause appearing,

IT IS ORDERED that the certificate of public convenience and necessity granted to William A. Perkins and Dorus O. Myers

by Decision No. 38900 in Application No. 27266, is hereby revoked and annulled and all tariffs and time tables filed with the Commission in compliance with such decision are hereby cancelled.

The effective date of this order shall be 20 days from the date hereof.

Dated at San Francisco, California, this 23<sup>rd</sup> day of September, 1947.
