**O R D E R**

Applicant, by its First Supplemental Application No. 27798, requests that the Commission extend the time for one year in which to relocate its tracks at Bluff Road in the City of Montebello, from the time prescribed in Decision No. 39652.

Applicant alleges that before said tracks can be placed in a permanent location, two bridges adjacent thereto require to be renewed and shortage of materials has slowed up progress; therefore

Good Cause Appearing, IT IS HEREBY ORDERED that the time limit mentioned in Decision No. 39652 be extended to November 21, 1948.

For all other purposes Decision No. 39652 shall remain in full force and effect.

Dated at San Francisco, California, this 19th  
day of November, 1947.
