Application No. 29624

(Re: Re-routing stage service in)
Menlo Park))

O P I N I O N

The applicants request permission to extend and modify the routing presently authorized by Decisions Nos. 38190, 38435 and 39313 in Application No. 25563. They are authorized to operate as a passenger stage corporation between Palo Alto and Menlo Park.

The modification will enable applicants to comply with requests to extend their service into a newly developed area in Menlo Park.

The fares will remain the same. The modification will not materially change the service to areas presently covered. There appears to be no opposition to the proposed change.

Public convenience and necessity require that this modification of routing be authorized. A public hearing is deemed unnecessary.

O R D E R

Good cause appearing,

IT IS ORDERED:

That the service regulation covering the routing as presently authorized by Decisions Nos. 38190, 38435 and 39313 is hereby amended to read as follows:

The effective date of this order shall be 20 days from the date hereof.

Dated at San Francisco, California, this 28th day of September, 1948.
