

ORIGINAL

Decision No. 42340

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of Interstate Telegraph Company, a corporation for authority to execute a First Supplemental Indenture and to issue 4% Series B First Mortgage Bonds.

Application No. 29823

(First Supplemental)

FIRST SUPPLEMENTAL ORDER

The order in Decision No. 42287 dated December 7, 1948 authorizes Interstate Telegraph Company to execute and deliver a supplemental indenture in or substantially in, the form of the supplemental indenture on file in this application as Exhibit "A". The authority granted by the Commission is now in effect.

Applicant on December 8, 1948, filed as Exhibit "A-1" a corrected form of its first supplemental indenture and substitutes the same for said Exhibit "A". The intent and purpose of Exhibit "A" is not changed by the corrections made. To remove any question as to whether the corrections are substantial, the Commission is of the opinion that Applicant should be authorized to execute and deliver a first supplemental indenture in the form of Exhibit "A-1", therefore,

IT IS HEREBY ORDERED that paragraph one (1) of the order in Decision No. 42287 dated December 7, 1948 reading:

"Interstate Telegraph Company may, after the effective date hereof and on or before March 1, 1949, execute and deliver a supplemental indenture in, or substantially in, the form of the supplemental indenture on file in this

application as Exhibit "A",

be, and the same is hereby, amended to read,

Interstate Telegraph Company may, effective as of this date and on or before March 1, 1949, execute and deliver a supplemental indenture in, or substantially in, the form of the supplemental indenture filed on December 8, 1948 in this application as Exhibit "A-1".

Dated at San Francisco, California, this 21st day of December 1948.
