Case No. 4808

SUPPLEMENTAL OPINION AND ORDER

Southern Pacific Company and Pacific Motor Trucking Company seek authority to enlarge their pickup and delivery zones at Codora and to apply Codora rates to the enlarged territory.

The verified petition shows that the area proposed to be included in the Codora zones is contiguous to and part of the industrial or residential development thereof; that the extension is for a distance of approximately one and one-half miles from the existing limits; and that petitioners desire to provide the same service and rates throughout the community. Because of the short distance involved, deviations from the applicable minimum rates will be slight. Competing carriers have been notified of the filing of the petition. No objection has been offered to its being granted.

It appears that this is a matter in which a public hearing is not necessary and that the granting of the sought authority is justified.

Therefore, good cause appearing,

IT IS HEREBY ORDERED that petitioners be and they are hereby authorized to enlarge their pickup and delivery zones at Codora, as requested; and to establish for the transportation

involved, within sixty (60) days after the effective date of this order and on not less than five (5) days' notice to the Commission and the public, rates not less than those prescribed for like transportation to and from Codora.

This order shall become effective twenty (20) days after the date hereof.

Dated at San Francisco, California, this <sup>th</sup> 14 day of June, 1949.
