O R D E R

Southern Pacific Company is authorized to construct an additional spur track at grade across a portion of "R" Street in Sacramento, Sacramento County, at the location described in the application. Said track is to be located in the sidewalk area of said street and no crossing number is assigned. Construction of said crossing shall be equal or superior to Standard No. 2 of G.O. No. 72, without superelevation and of a width to conform to the portion of the street now graded, and with grades of approach not exceeding two per cent. Applicant shall bear entire construction and maintenance expense.

Applicant is also authorized to deviate from the requirement of Section 3.17 of General Order No. 26-D provided no poles are located between said track and the property line and existing poles on the street side are relocated to points 10 feet from the center line of said track.

Within thirty days after completion pursuant to this order, applicant shall so advise the Commission in writing. This authorization shall become void if not exercised within one year unless time be extended or if above conditions are not complied with. Authorization may be revoked or modified if public convenience, necessity, or safety so require.

As industry to be served by the track herein authorized desires construction as early as possible applicant requests that this authority be made effective as of its date.

The effective date of this order shall be the date hereof.

Dated at San Francisco, California, September 27,

1949.
