Decision No. 42525

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of)
ERNEST E. STUBBLEFIELD for a license) Application No. 30519
as a Motor Transportation Broker.)

Ernest E. Stubblefield, in propria persona.

O P I N I O N

In this proceeding, Ernest E. Stubblefield seeks a license to engage in business as a motor transportation broker pursuant to Statutes 1935, Chapter 705. Evidence in support of the application was received at a public hearing before Examiner Paul at Los Angeles on October 28, 1949, and the matter was submitted.

Applicant resides at 5738 Harcourt Avenue, Los Angeles, California, which is to be temporarily used at his place of business. The operation proposed is that of a brokerage and dispatching service for the transportation of general commodities between Los Angeles and other points in that area. Applicant plans to execute agreements with various carriers providing for compensation upon a percentage basis of approximately 7 per cent. Business will be solicited only for carriers who have proper operating authority from the Commission and from whom applicant has received a letter of authority designating him as their transportation representative.

Applicant stated that at the present time he is unemployed. During the period from 1939 to 1942 he was engaged in the trucking business. Since then he has at various times been employed in various construction work in different parts of

Southern California. He stated that no billing or collection services will be performed for the carriers for whom he will act as broker. Records of all transactions will be maintained. The required bond has been filed.

We believe that the evidence shows applicant to be qualified to act as a motor transportation broker. The application will therefore be granted.
