THIRD SUPPLEMENTAL OPINION AND ORDER

Applicant is a highway contract carrier. He transports syrup and empty syrup containers for The Coca-Cola Company between San Francisco and points in northern and central California. Decision No. 40914 of November 12, 1947, as amended, in this proceeding, has authorized him to observe rates lower than the minimum rates otherwise applicable to this transportation. This authority expires December 2, 1949. Permission thereafter to continue to deviate from the established minimum rates and to observe the present rates for a further one-year period is now sought.

A protest has been filed and the matter has been partially heard. In order that the outstanding authority will not lapse while the hearing is being concluded a limited continuance will be granted.

Therefore, good cause appearing,

IT IS HEREBY ORDERED that the expiration of the authority granted by Decision No. 40914 of November 12, 1947, as amended, in this proceeding, be and it is hereby extended to February 2, 1950, unless sooner changed or further extended by order of the Commission.

This order shall become effective on December 2, 1949.

Dated at San Francisco, California, this 29<sup>th</sup> day of November, 1949.
