

**ORIGINAL**Decision No. 43693

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of SOUTHERN CALIFORNIA EDISON COMPANY, a corporation for an Order of the Public Utilities Commission of the State of California authorizing it to carry out the terms of a special contract with the City of Azusa, a municipal corporation, for the furnishing of electric service to said City for resale purposes.

Application No. 29011SECOND SUPPLEMENTAL OPINION AND ORDER

In this Second Supplemental Application, Southern California Edison Company requests authorization to enter into and to carry out the terms of a proposed Supplemental Agreement with the City of Azusa, amending a prior Supplemental Service Agreement dated March 15, 1948, which was authorized by this Commission in its Decision No. 41508, dated April 27, 1948. The supplemental Service Agreement dated March 15, 1948 provided for the payment by the City of Azusa to Edison of \$77,316 in recognition of estimated expenditures by Edison of approximately \$162,000 to adapt the City's and the City's consumers' frequency sensitive equipment to operate at a frequency of approximately 60 cycles. The Supplemental Agreement for which authorization is requested herein, provides for payment by the City to Edison of \$28,138.64 in lieu of the amount of \$77,316. Edison's application shows that its experience in the adaptation for 60 cycle operation of frequency sensitive equipment in Azusa resulted in costs considerably below the estimate of \$162,000, and that the total costs of Edison cumulative to June 30, 1949 incurred in connection with frequency change work on City's consumers' equipment were \$56,277.28. One-half of that amount would be \$28,138.64.

A copy of the Supplemental Agreement amending Supplemental Service Agreement is attached as Exhibit A to Edison's Second Supplemental Application. It contains a provision that it shall not become effective until authorized by this Commission and shall at all times be subject to such changes and modification as this Commission may from time to time direct in the exercise of its jurisdiction.

The Commission having considered the request of applicant and being of the opinion that the application should be granted, that a public hearing is not necessary, and good cause appearing; therefore

IT IS HEREBY ORDERED that Southern California Edison Company be and it is authorized to enter into and carry out the terms and conditions of a Supplemental Agreement, amending the Supplemental Service Agreement dated March 15, 1948, substantially in accordance with the copy attached as Exhibit A to the Second Supplemental Application No. 29011.

IT IS HEREBY FURTHER ORDERED that Southern California Edison Company shall, within thirty (30) days after entering into such a Supplemental Agreement, file a certified copy of such agreement with this Commission.

The effective date of this order shall be twenty (20) days after the date hereof.

Dated at San Francisco, California, this 17th day of

January 1950.
