Decision No. 42789

OPIGINAL

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Investigation into the rates, rules, regulations, charges, allowances and practices of all common carriers, highway carriers and city carriers relating to the transportation of property.

Case No. 4808

SUPPLEMENTAL OPINION AND ORDER

City Carriers' Tariff No. 6 - Highway Carriers' Tariff
No. 7 provides minimum rates, rules and regulations for the transportation of asphaltic concrete and other materials in dump trucks
between designated production areas and delivery zones in Los
Angeles County. Mileage rates apply between points not covered by
the zoning arrangements. By petition filed January 21, 1950,
Ken H. Jones, a producer of asphaltic concrete, seeks extension
of the zone rate system to cover deliveries from his recently
established facilities located outside the present production areas.

Applicant points out that zone rates lower than the corresponding mileage rates apply to like transportation from his competitors' establishments in the same general area. He represents that the establishment of zone rates from his plant is necessary to provide a nondiscriminatory basis of charges.

Interested carriers and shippers have been notified. No one has opposed the granting of the petition.

Petitioner has shown that he is disadvantaged because, under substantially similar transportation conditions, zone rates are not applicable to shipments from his plant but are applicable to shipments from his competitors' facilities. The proposed extension of the zone rate system is justified. The petition will be granted.

A public hearing is not necessary. Therefore, good cause appearing,

IT IS HEREBY ORDERED that City Carriers' Tariff No. 6 - Highway Carriers' Tariff No. 7 (Appendix "A" of Decision No. 32566, as amended, in Cases Nos. 4246, 4434) be and it is hereby further amended by incorporating therein the revised pages attached hereto and by this reference made a part hereof, which pages are numbered as follows:
