Decision No. 44754

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Application of PACIFIC GREYHOUND LINES)	
for authority to operate bus service)	Application No. 31662
between West Woodland and Winters)	
Junction, as an alternate route.)	

O P I N I O N

Pacific Greyhound Lines herein requests authority to operate its passenger stages over an alternate route over an unnumbered county road between West Woodland and Winters Junction.

Applicant proposes to use the new route only for such express or limited schedules as do not serve Woodland or any other intermediate point on U.S. Highway 99-W between West Woodland and Winters Junction. The proposed route would save applicant 4.2 operative miles between those points. No intermediate service is proposed, nor does applicant propose to add any new fare points or change existing passenger fares on express rates.

Under the circumstances presented, we find that public convenience and necessity require that the application be granted. A public hearing is not necessary.

O R D E R

Application having been filed, and based upon the facts and conclusions set forth in the opinion,

IT IS ORDERED:

(1) That a certificate of public convenience and necessity be and it is hereby granted to Pacific Greyhound Lines

S. Highway 40; provided, however, that no service may be rendered to, from or between any point between West Woodland and Winters Junction. This certificate is granted as an extension of and is consolidated with applicant's present operative rights created by Decision No. 23244, dated December 31, 1930, and decisions subsequent or supplemental thereto.

(2) That applicant shall file a written acceptance of the certificate herein granted within a period of not to exceed thirty (30) days after the effective date hereof.

The effective date of this order shall be twenty (20) days after the date hereof.

Dated at San Francisco, California, this 1st day of September, 1950.
