Decision No. 44817

ORIGINAL

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Application of  
PACIFIC GREYHOUND LINES  
for authority to reroute its service  
within the City of Davis

APPLICATION NO. 31669

Pacific Greyhound Lines herein requests authority to re-route its passenger stage routes within the City of Davis.

Applicant alleges that it has moved its terminal in Davis from the southwest corner of the intersection of Second and "E" Streets to the northeast corner thereof; that it is desirable that buses utilizing such terminal move from east to west on Second Street so as to enable them to stop and/or enter the parking area on the north side of Second Street without crossing the lane of eastbound traffic; that the proposed revision will avoid undue and unnecessary traffic congestion and afford the safest and most practical route for its service to and from the new Davis terminal; that no change is contemplated in published time schedules and rates, currently effective; that the City Council of the City of Davis, on July 10, 1950, adopted resolution No. 16 Series 1950, approving the route herein proposed.

Upon consideration of all the facts, the Commission is of the opinion that the application should be granted. A public hearing is not necessary.

An application having been filed and the Commission being of the opinion that the authority requested should be granted,
