Application No. 32009

OPINION AND ORDER

T. E. Tadlock, doing business as Citrona Warehouse, operates a public utility warehouse at Citrona Station, Yolo County. By this application he seeks authority to lease the warehouse property and business to his two sons James I. and Elbert E. Tadlock, a copartnership, doing business as Tadlock Bros.

The verified application shows that T. E. Tadlock desires to retire from, and that his sons desire to manage and control, the public utility warehouse operations involved. No change in the service available to the public or in the rates therefor is proposed.

It appears that this is a matter in which a public hearing is not necessary and that the application should be granted.

Therefore, good cause appearing,

IT IS HEREBY ORDERED that T. E. Tadlock is authorized to enter into a lease with James I. and Elbert E. Tadlock in a form substantially the same as that attached to the application; that T. E. Tadlock may, within sixty (60) days after the effective date hereof, transfer to James I. and Elbert E. Tadlock the public utility warehouse operations involved in this proceeding; that, prior to the effective date of said transfer, T. E. Tadlock, and James I. and

Elbert E. Tadlock, copartners, shall, on not less than five (5) days' notice to the Commission and the public, supplement or reissue the tariffs on file with the Commission insofar as they name rates, rules and regulations governing the warehouse operations here involved to show that T. E. Tadlock has withdrawn or canceled and that James I. and Elbert E. Tadlock have concurrently adopted or established as their own said rates, rules and regulations; and that the tariff filings made pursuant to this order shall in all other respects comply with the regulations governing the construction and filing of warehouse tariffs set forth in the Commission's General Order No. 61.

The effective date of this order shall be twenty (20) days after the date hereof.

Dated at Los Angeles, California, this 10th day of January, 1951.
