

Decision No. 45271

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Investigation on the Commission's own motion into the electric operations of PLUMAS-SIERRA RURAL ELECTRIC COOPERATIVE, INCORPORATED.

Case No. 5204

ORIGINAL

ORDER DENYING REHEARING
AND
EXTENDING TIME FOR COMPLIANCE

Petition for rehearing of Decision No. 45111 in the above-entitled matter was filed by Plumas-Sierra Rural Electric Cooperative, Incorporated, on December 28, 1950. On January 11, 1951, said organization filed an amendment to the petition praying for a suspension of Decision No. 45111 pending review by the California Supreme Court. Petitioner sets forth that it expects in good faith to apply to the Supreme Court for review in the event rehearing is denied.

The Commission has carefully considered the petition for rehearing and the amendment thereto, and each and every allegation contained in such documents, and is of the opinion that no good cause for the granting of a rehearing is therein made to appear. The Commission is further of the opinion that petitioner's request for a suspension of Decision No. 45111 should be denied, but that the time for compliance with the order therein should be extended to March 30, 1951.

In view of the foregoing, IT IS HEREBY ORDERED that the petition for rehearing herein be and the same is hereby denied.

IT IS FURTHER ORDERED that the period within which petitioner is required to file with the Commission its then effective schedules of rates, rules, regulations, and contracts relating to rates, ap-

plicable to electric service rendered within the counties of Plumas,
Sierra and Lassen, is hereby extended to and including March 30,
1951.

Dated at San Francisco, California, this 16th day of Janu-
ary, 1951.
