FIRST SUPPLEMENTAL ORDER

By Decision No. 45209, dated January 3, 1951, the Commission authorized Acme Transportation, Inc. to execute promissory notes and conditional sales contracts on or before April 30, 1951, in the principal amount of not exceeding \$195,399.75, for the purpose of financing the cost of equipment.

The company reports that it will be unable to acquire all the equipment referred to in the original application prior to April 30, 1951, as a result of the national emergency. Accordingly, it has requested the Commission to make a supplemental order extending the time within which the notes and contracts may be executed.

The Commission has considered this matter and is of the opinion that the company's request should be granted; therefore,

IT IS HEREBY ORDERED that the time within which Acme Transportation, Inc. may execute the promissory notes and conditional sales contracts authorized by Decision No. 45209, dated January 3, 1951, be, and it hereby is, extended to and including July 31, 1951.

This first supplemental order is effective upon the date hereof.

Dated at San Francisco, California, this 10th day of April, 1951.
