

ORIGINAL

Decision No. 45909

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

John Ferro,
Complainant

vs.

The San Joaquin Canal Company,
Defendant

Case No. 5297

O R D E R

John Ferro asks the Commission to authorize The San Joaquin Canal Company, a corporation, to permit him to transfer his present right to irrigation service on 12 acres of his lands located within the company's service area, to a certain other parcel of his land containing also 12 acres located outside said service area. Said lands are situated in Section 6, T10S, R10E, MDB&M. This transfer of service rights is requested because of the alleged greater fertility and productivity of the lands now without service rights. Although defendant's original answer opposed the requested exchange, said defendant subsequently has withdrawn its former objection and has stated that further investigation has disclosed the fact that the outside parcel of land is of far better productivity and now agrees to complainant's request, now, therefore,

IT IS HEREBY ORDERED that The San Joaquin Canal Company be and it is hereby authorized to modify its service area by excluding therefrom 12 acres, more or less, of land owned by John Ferro, located in the NE $\frac{1}{4}$ and in the SE $\frac{1}{4}$ Section 6, T10S, R10E, MDB&M, and to include within its service area in exchange therefor, that certain parcel of land owned by said John Ferro containing 12 acres, more or

less, located in the SW $\frac{1}{4}$ of the NE $\frac{1}{4}$ and in the SE $\frac{1}{4}$ of the NW $\frac{1}{4}$ of said Section 6, T10S, R10E, MDB&M, said land being more particularly described in the application, which description in said application is hereby made a part of this order by reference.

The effective date of this order shall be twenty (20) days after the date hereof.

Dated at San Francisco, California, this 29th day of June, 1951.

A. J. Anderson
Harold R. Hulse
H. E. M. Hill
Commissioners.
