ORDER OF DISMISSAL

This application was filed August 4, 1950, seeking authority to operate as a passenger stage corporation and as a highway common carrier. The operation was to be restricted to the use of a 1947 Ford Panel Truck being operated between Kernville and Johnsondale in the performance of a mail contract.

Applicant has informed a member of the Commission's staff that due to injuries received in an automobile accident she has relinquished her contract to carry mail, has moved to Bakersfield, has sold her equipment and no longer desires to receive the operative authority requested in her application. She has stated in a letter addressed to the Commission that she wishes to cancel her request contained in the above-entitled and numbered application.

Now, therefore, IT IS HEREBY ORDERED that said application be, and the same hereby is, dismissed without prejudice.

The effective date of this order shall be twenty (20) days after its date.

Dated at San Francisco, California, this 25th day of March, 1952.
