Case No. 4808

ORIGINAL

SUPPLEMENTAL OPINION AND ORDER

By petition filed May 8, 1952, The Atchison, Topeka and Santa Fe Railway Company, Pacific Electric Railway Company, Union Pacific Railroad Company, Southern Pacific Company and Pacific Motor Trucking Company seek authority to enlarge their pickup and delivery zone at Riverside and to apply Riverside rates to the enlarged territory.

The verified petition shows that the area proposed to be added to the present zone is contiguous to and a part of the community of Riverside; that this area is situated within three miles of the corporate limits; that all other similarly situated areas contiguous to Riverside where there is a demand for pickup and delivery service are within the existing zone; and that petitioners desire to provide the same service and rates throughout the community. Because of the relatively short distances involved, the resulting deviations from the established minimum rates would be slight.

Competing carriers have been notified of the filing of the petition. No objection has been offered to its being granted.

It appears that this is a matter in which a public hearing is not necessary and that the granting of the sought authority is justified.

IT IS HEREBY ORDERED that petitioners be and they are hereby authorized to enlarge their pickup and delivery zone at Riverside, as requested; and to establish for the transportation involved, not earlier than five (5) days after the effective date of this order and on not less than five (5) days' notice to the Commission and the public, rates no lower than those prescribed for like transportation to and from Riverside.

IT IS HEREBY FURTHER ORDERED that the authority herein granted shall expire unless exercised within sixty (60) days after the effective date of this order.

This order shall become effective twenty (20) days after the date hereof.

Dated at San Francisco, California, this 16th day of May, 1952.
