Application No. 33471

OPINION AND ORDER

Applicants hold highway carrier permits. They are engaged exclusively in the transportation of property for Southern California Freight Lines. By Decision No. 45702 of May 15, 1951, in Application No. 31997, they were authorized to handle C.O.D. (collect on delivery) shipments for Southern California without securing and filing a bond as required by General Order No. 84C.<sup>1</sup> This authority expired June 4, 1952. Applicants now seek its reinstatement. Southern California has complied with the requirements of General Order No. 84C. In this and other respects, applicants represent, the circumstances and conditions surrounding the C.O.D. transactions involved have not changed since the issuance of Decision No. 45702, supra.

In the circumstances, it appears that this is a matter in which a public hearing is not necessary and that reinstatement of applicants' authority is justified.

Because the conditions under which the C.O.D. service in question is performed may change at any time, the reinstated authority will be limited to a one-year period and made subject to such earlier cancellation, change or further extension as circumstances may require.

---

<sup>1</sup> The application incorrectly refers to General Order No. 84B.

Therefore, good cause appearing,

IT IS HEREBY ORDERED that applicants named in Appendix "A" attached hereto and by this reference made a part hereof be and they are hereby authorized to transport C.O.D. shipments as agents for Southern California Freight Lines without providing and filing the bond required by General Order No. 84C; that this authority shall expire one (1) year after the effective date of this order, unless sooner canceled, changed or extended by order of the Commission; and that in all other respects the rules and regulations set forth in General Order No. 84C shall govern the C.O.D. services involved in this proceeding.

This order shall become effective twenty (20) days after the date hereof.

Dated at San Francisco, California, this 17<sup>th</sup> day of June, 1952.
