

ORIGINALDecision No. 47438

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of)
 STOCKTON CITY LINES, INC., requesting) Application No. 33461
 authority to reroute a portion of its)
 Garden Acres Route No. 3.)

O P I N I O N

Stockton City Lines, Inc., is engaged as a passenger stage corporation as defined in Section 226 of the Public Utilities Code in and in the vicinity of the City of Stockton, California, under authority of this Commission. ⁽¹⁾ The present application requests authority to reroute a portion of applicant's Garden Acres Route No. 3. The easterly end of this route forms a loop around the area bounded on the south by Marsh Street, on the east by Cardinal Avenue, on the north by Washington Street and on the west by Walker Lane. The proposal is to discontinue operations along Walker Lane and instead to operate along Washington Street between Walker Lane and Delmar Avenue.

As justification for this minor route change applicant alleges that it will result in better service. No additional equipment will be required and the frequency of service will remain unchanged and no changes in fares will result. The Commission finds the proposal to be in the public interest. Consequently the application will be granted by amending the routes described in Decision No. 45344 dated February 5, 1951, in Applications Nos. 30577 and 31894.
