Case No. 4109

SUPPLEMENTAL OPINION AND ORDER

Upon petition of the Draymen's Association of Alameda County the Commission established an interim 12 percent increase in minimum rates for the East Bay drayage area pending consideration and disposition of proposed permanent rate adjustments (Decision No. 47247 of June 9, 1952). The interim increase is scheduled to expire December 31, 1952.

Further hearings were held and the matter submitted. The full record is voluminous. Such adjustments as may be found justified will require tariff changes by common carriers. Petitioner requests that, in the event that final determination of the matter cannot be made in time to make tariff changes effective prior to December 31, 1952, the interim increase be extended until February 28, 1953. Interested parties have been notified of the filing of this request. No objections have been received. Time does not permit consideration and disposition of the various proposals and preparation and filing of resulting tariff changes prior to December 31, 1952.
