O P I N I O N

W. W. Miles, Pat L. Nolet and Ken D. Anderson, copartners, request authority to transfer their right to operate as a highway common carrier, granted pursuant to the provisions of Decision No. 47105, dated May 5, 1952, in Application No. 30262, together with certain equipment, to W. W. Miles and Pat L. Nolet, copartners.

Applicants allege that no purchase price is involved, that Ken D. Anderson has not contributed his share of the capital requirements of the partnership and is not desirous of so doing in the future, and that the surviving partners will assume all obligations and hold the retiring partner harmless as to all liabilities of the partnership.

We find that the public interest will not be adversely affected by approval of the transfer of the operative right and equipment here involved. The application will be granted. A public hearing is not necessary.

An application having been filed and the Commission being of the opinion that the authority requested should be granted,

W. Miles and Pat L. Nolet, such transfer to be made in accordance with the provisions therefor contained in the application.
