

Decision No. 48167**ORIGINAL**

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Application of PACIFIC GREYHOUND LINES)
 for authority to operate bus service)
 between North Templeton Junction and) Application No. 33908
 South Templeton Junction over an alternate)
 route.)

O P I N I O N

In this proceeding Pacific Greyhound Lines requests authority to operate between North Templeton Junction and South Templeton Junction over relocated U. S. Highway 101, a distance of about 2.76 miles, as an alternate route without service to intermediate points. It also requests a redescription of its present route No. 14.01 between San Francisco and San Luis Obispo depot as set forth on original page 40 of Appendix A, Decision No. 47907.

As justification for the authority sought it is stated that U. S. Highway 101 has recently been rerouted and reconstructed between North Templeton Junction and South Templeton Junction so as to by-pass the town of Templeton; that this rerouting was established to avoid traffic congestion in Templeton and that in addition to the local schedules serving that point applicant operates several daily express schedules through Templeton. The express schedules would be diverted to the proposed alternate route.

After full consideration we find that public convenience and necessity require establishment of operation by applicant over the alternate route between North Templeton Junction and South Templeton Junction over relocated U. S. Highway 101 and a redefinition of the route between those points through the town of Templeton. There is no protest to the application and no public hearing is necessary. The authorities sought will be issued by appropriate amendments to Appendix A of Decision No. 47907.

O R D E R

An application therefor having been filed and the Commission having found that public convenience and necessity so require,

IT IS ORDERED:

(1) That Appendix A of Decision No. 47907 (App. No. 31883) is hereby amended by incorporating therein First Revised Page 40 and Original Page 46-A, which are attached hereto.

(2) That the authorities herein granted are consolidated with and made a part of the operative rights created by Decision No. 47907 and are subject to all of the provisions set forth therein.

(3) That in all other respects said Decision No. 47907 shall remain in full force and effect.

The effective date of this order shall be twenty (20) days after the date hereof.

Dated at San Francisco, California, this 6th day of January, 1953.
