This decision includes authority to serve during school hours as follows:

The school operation, combined with portions of other certificated routes over which applicant provides trans-(1) portation, enables applicant to provide service to and from the Susan Miller Dorsey High School located near Exposition Boulevard and Farmdale Avenue.

Applicant requests authority to add a route to its authorized Line No. 18 school service as follows:

> Also from the intersection of Coliseum Street and Crenshaw Boulevard via Crenshaw Boulevard and Rodeo Road, to Rodeo Road and Buckingham Road. Return by reverse of the above route.

Applicant alleges that residents along Buckingham Road between Rodeo Road and Coliseum Street have requested that a portion of the school traffic be transported over some street other than Buckingham Road. The service can be satisfactorily performed, applicant states, if it operates a portion of its school services via the proposed additional routing.

There are no other carriers serving the area involved. No change in vehicle requirements, vehicle miles of operation, or fares will recult from the granting of the application. The entire operation is in the City of Los Angeles which has approved the additional route.

After full consideration of the application and record herein, we hereby find that public convenience and necessity require the extension of service as proposed along Crenshaw Boulevard and Rodeo Road. A public hearing is not necessary.
