SUPPLEMENTAL OPINION AND ORDER

City Carriers' Tariff No. 6 - Highway Carriers' Tariff No. 7 provides minimum rates, rules and regulations for transportation of sand, rock, gravel and other materials in dump truck equipment between designated production areas and delivery zones in Los Angeles County.

By petition filed August 11, 1953, the California Dump Truck Owners Association, Inc. seeks to revise certain minimum zone rates from Production Area "W" located west of San Pedro in the Palos Verdes Hills to delivery zones located in the city of Redondo Beach and northerly thereof. Petitioner points out that the present zone rates were based upon the time and mileage involved in transportation through the city of Palos Verdes Estates. Subsequently the city prohibited through truck traffic necessitating the use of longer routes. Petitioner has submitted studies reflecting transportation via the shortest routes now available. It asks that the rates be revised accordingly.

The only producer-shipper involved concurs in the proposal. In the circumstances a public hearing is not necessary.

It has been shown that the sought modification of the rates is necessary and justified. The petition will be granted.

In addition the tariff will be amended to adjust zone rates from Production Area "A" to Delivery Zones "6E" and "7H" incorrectly calculated in making tariff revisions under Decision No. 48514.

Therefore, good cause appearing,

IT IS HEREBY ORDERED that City Carriers' Tariff No. 6 - Highway Carriers' Tariff No. 7 (Appendix "A" of Decision No. 32566 as amended) be and it is hereby further amended by incorporating therein the pages attached hereto and by this reference made a part hereof, which pages are numbered as follows:
