

Decision No. 49150**ORIGINAL**

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application)	
of D. Moyers, dba Moyers Stages,)	
for authority to reroute the in-)	
bound schedules from Sanger, Del)	Application No. 34700
Rey, and Calwa to eliminate a)	
left turn at Fulton and Tulare)	
Streets.)	

O P I N I O N

Applicant alleges that in operating his Fresno, Calwa, Sanger and Del Rey line it is necessary under the present authorization to make a left turn from Fulton Street onto Tulare Street on the inbound trip. A city ordinance forbids left turns at this intersection. By turning from Fulton Street onto Kern Street one block to the south this left turn may be eliminated.

Authority for this minor change in routing is requested by this application. No change in fares, equipment or operating cost is involved. This request appears to be in the public interest. No public hearing is necessary.

O R D E R

Application therefor having been filed, the Commission being fully informed and finding that the requested change in route should be authorized without public hearing by further amending the route descriptions in Decision No. 42303,

IT IS ORDERED:

(1) That the route description contained in Decision No. 42303 dated December 14, 1948 in Application No. 29829 as amended by Decision No. 42343 dated December 21, 1948 First Supplemental Order,

be, and it hereby is, further amended by adding the following route description:

Also along H Street in Fresno between Mariposa Street and Kern Street and along Kern Street between H Street and Fulton Street.

(2) That as hereby amended said Decision No. 42303, as previously amended, shall remain in full force and effect.

The effective date of this order shall be twenty days after the date hereof.

Dated at San Francisco, California, this 29th day of September, 1953.
