limits of Oakland, California.)

Application No. 35365

OPINION AND ORDER

Applicants seek authority to enlarge their pickup and delivery zone at Oakland and to apply Oakland rates to the enlarged territory.

The application shows that the area proposed to be added to the present zone is located within the corporate limits and that the Maytag West Coast Company, which has a warehouse located outside of that zone, has requested applicants to provide pickup and delivery service. Under the proposed arrangements all similarly situated areas where there is a demand for the service would be afforded it at the Oakland rates. Because of the relatively short distances involved, the resulting deviations from the established minimum rates would be slight.

Competing carriers have been notified of the filing of the application. No objection has been offered to its being granted.

It appears that this is a matter in which a public hearing is not necessary and that the granting of the sought authority is justified.

Therefore, good cause appearing,

IT IS HEREBY ORDERED that applicants be and they are hereby authorized to enlarge their pickup and delivery zone at Oakland as requested and to establish for the transportation involved, not earlier than five days after the effective date of this order and on not less than five days' notice to the Commission and the public, rates no lower than those prescribed for like transportation to and from Oakland.

IT IS HEREBY FURTHER ORDERED that the authority herein granted shall expire unless exercised within sixty days after the effective date of this order.

This order shall become effective twenty days after the date hereof.

Dated at San Francisco, California, this 14th day of May, 1954.
