 for a Household Goods Carrier Permit.)

Clifford E. Key, for applicants.

 Storage, protestant.

Wayne B. Stephens, for the Commission staff.

O P I N I O N

Applicants, on May 18, 1954, applied for permits to operate as a city carrier and as a household goods carrier.

Public hearing was held in Los Angeles before Examiner Rowe on June 24, 1954. Evidence was adduced as to applicants' experience and financial responsibility. The matter was, on said date, duly submitted for decision.

Applicants have filed the required insurance and applicant Key testified that they also carry cargo insurance. He stated that his partner is able to and has agreed to furnish additional cash, if needed. Applicants have purchased one van type truck with necessary equipment, all for cash. They presently have \$300 in the bank for working capital. The Commission finds that their financial responsibility is sufficient for the purpose of inaugurating the proposed operations and that the requested permits should issue.

O R D E R

Applications therefor having been filed, public hearings having been held and the Commission being advised in the premises,

IT IS ORDERED that the Permits and Fees Section is directed to issue the permits, above-referred to, as applied for.

The effective date of this order shall be five days after the date hereof.

Dated at San Francisco California, this 6th day of July, 1954.
