Decision No. 50319

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application)	
of Direct Delivery System, Ltd.,)	Application No. 25585
for authority to assess less than)	(Tenth Supplemental)
minimum rates.)	

SUPPLEMENTAL OPINION AND ORDER

Prior orders in this proceeding have authorized applicant to assess rates lower than the established minimum rates in connection with the transportation of crude diatomaceous earth and empty sacks between the plant of The Great Lakes Carbon Corporation near Torrance and points within that city. This authority is scheduled to expire July 31, 1954. Permission is sought to continue to deviate from the minimum rates. Applicant proposes, however, that the rate of 58½ cents per ton it is now authorized to observe for each of the services involved be increased to 59 cents.

The supplemental application shows that, except for increased operating costs, the conditions surrounding the transportation in question which justified deviation from the minimum rates generally still obtain; that the proposed increase in the rates will offset the higher operating costs; and that operations under the sought rates may reasonably be expected to be profitable during the ensuing year.

It appears that this is a matter in which a public hearing is not necessary and that the sought modification and extension of applicant's authority is justified and should be granted. Because the conditions under which the service is performed may change at any time, the extension will be limited to a one-year period. To prevent a lapse of applicant's authority, the order herein will be made effective July 31, 1954.

Therefore, good cause appearing,

IT IS HEREBY ORDERED that Decision No. 48192 of January 19, 1953, as amended, in this proceeding, be and it is hereby further amended by substituting in Appendix "B" attached thereto "59 cents per ton" for "58½ cents per ton"; and that the expiration date of the authority granted by the aforesaid Decision No. 48192, as so amended, be and it is hereby extended to July 31, 1955, unless sooner changed or further extended by order of the Commission.

This order shall become effective July 31, 1954.

Dated at Los Angeles, California, this 27th day of July, 1954.
